It's been a long week. Keep the 100 employees limit, dump the \$10 million income limit.

Sorry, I forgot one other change to the TCS training program grants ( 292(1)(eh) ). I think you could do it as a /2 for b0938. In each year, they want to require that two-thirds of the amount appropriated be awarded to small businesses, defined as having no more than 100 employees and no more than \$10,000,000 in gross annual income in its most recent fiscal year. I don't think we have to restore all that other language, though—just the employee/income limits... Sorry about that.
